- **Client case:** A client required an urgent academic plan for a preschool in Dubai, in December 2021 and contacted Professional Minds via a Google search. Patricia was efficient and professional, conducted requisite research and wrote the academic plan within 10 days. She also arranged for a financial plan and provided advice on the preschool design. The plan was approved by the KHDA without any amendments and the preschool opened a short time afterwards. Happy client, happy children, happy parents.
